

Celebrating 35 years of billfishing!

1989 – 2023

A message from the former SC governor:

On behalf of the people of the Palmetto State, I am pleased to welcome you to the Governor's Cup Billfishing Series. Our state is blessed by an abundance of natural beauty and resources, and we are committed to conserving them for future generations. The Series was established, in part, to address the dwindling Atlantic billfish population, and it has been a huge success over the years. We are not only proud of our over 90% release rate, but also in knowing that neighboring state have joined in this effort. Michael and I are glad to have you participate in the Governor's Cup Billfishing Series and hope everyone hooks a trophy fish to tag and release!

My very best,
Former Governor Nikki Haley

The program is coordinated through:

Charleston, SC 29422-2559

South Carolina Governor's Cup Billfishing Series

The SC Governor's Cup Billfishing Series occurs annually and includes multiple South Carolina billfish tournaments. Boats participating in the Series accumulate points for billfish either landed or released. Boats compete for three major awards: Outstanding Billfish (single heaviest billfish), Outstanding Billfish Boat (most accumulated points), and Billfish Conservationist (most points for released fish). The Series has contributed valuable data on these beautiful blue water species, while also encouraging conservation of our marine resources.

Goals

- Promote conservation, research, and education.
- Increase coastal tourism.
- Support the SC billfishing industry.

Major Accomplishments

- Prior to the SC Governor's Cup Billfishing Series, <10% of billfish were released.
- Now, >90% of billfish are released.
- As part of the SC Memorial Reef project, funds were raised to sink two barges, the old Highway 41 swing bridge, and a 247-ft cargo ship in the Charleston Deep Reef MPA, a Type II MPA which allows for trolling but no bottom fishing.
- Annual scholarships are awarded through the W.F. Pate Memorial Conservation Fund. To date, 18 scholarships have been awarded.
- Following satellite tagging of billfish from 2002-2007, Bubley et al. (2020) published a paper evaluating sailfish habitat use and overlap with other billfish species.
- In 1997, the Blue Water Conservation award was initiated, which recognized the boat that tagged and released the most dolphin, wahoo, or tuna.
- In 1993, the Series received the South Carolina Wildlife Federation's Outdoor Ethics Conservation Award.

2022 Series

Three tournaments were held, including one each in Georgetown, Charleston, and Edisto.

2022 Series Results

Series Tournament	# Boats	# Billfish Released
