## Series Reflections

In the last newsletter, I made our annual appeal for Governor's Cup sponsorships, and I am happy to report that a number of folks have answered the call. We have several returning sponsors as well as a few new companies. Some of the returning businesses have upped their donations, and we are very grateful! I am happy to say that we have almost met our fundraising goal for the year and are now concentrating on preparing for this summer's events. See all our Sponsor ads scattered throughout this issue, and make a point to thank them when you see them.

As we embark on our 25th season, it is important to remember that the Series has been a leader in billfish conservation and changes in angler ethics, which are reflected today with nearly 100% of billfish being released. Further, during that time the Series participants and sponsoring businesses have donated over \$300,000, in the memory of Wallace Pate, towards conservation and research. In effect, putting their money where their mouth is by underwriting projects to increase understanding and awareness of oceanic species. The projects funded over those years have cover many topics including: post mortem shrinkage of billfish (\$10,000); black grouper genetics (\$1,000); dolphin genetics (\$4,000); yellow fin tuna reproduction (\$3,000); economic impact of billfish tournaments (\$32,000); reef construction (\$14,000); sharpnose shark life history (\$5,000); and over the course of several years dolphin tagging (\$61,500) just to name a few. In addition, a number of institutions including the College of Charleston, USC and of

course SCDNR have been recipients of these funds. The reason for this background is give each of you a better understanding of a part of the Series with which you might not have been familiar. This work has gone on annually since the Series inception and has greatly increased our knowledge of many demersal and pelagic species. At the April 25th meeting of the Series Advisory Board of Directors, members voted unanimously to continue with this philosophy and partner in the construction and deployment of the SC Memorial Reef in the Charleston Deep Reef MPA. At that time, the Advisory Board agreed to underwrite \$50,000 of the cost of making the reef a reality. This is the largest single contribution in the history of the Series and it is only through the great leadership of our Advisory Board and Sponsors that these funds were available to make this commitment. As I wrote in the last newsletter, the project will serve multiple purposes related to fishery research and management and is worthy of your

financial consideration as well. Visit today and contribute; [scmemorialreef.com/latest-news/](http://scmemorialreef.com/latest-news/).

Finally, in succeeding pages we outline all the Series rules for this year, with the only major change being in the definition of a fishing day. We also list all the licenses, permits and documents that you will need to make sure you have on your boat or in your personal possession before embarking on a fishing trip. As

you should know by now, it will all be checked by our friends and colleagues in Law Enforcement (Officers William Ladue and Jeffrey Day) upon your return to the dock. If you have any questions or concerns please contact me or Amy so we can help guide you through the state and federal permit/license process well in advance of the first captain's meeting at Georgetown because if you wait until then it might be too late to help!!!

Wallace Jenkins

## WANTED!

Attention SC Billfish Anglers! Please report released billfish caught in SC waters throughout the 2013 fishing season. It's never too late to report a fish caught earlier this year! Anglers who release a billfish will receive a SCDNR Billfish Release Certificate. The boat reporting the most billfish releases will be named this year's "TOP CONSERVATIONIST BOAT OF THE YEAR"...will it be you? To report billfish releases or request billfish release cards, Please contact Amy Dukes at 843-953-9365, or email [dukesa@dnr.sc.gov](mailto:dukesa@dnr.sc.gov). The winning boat will receive a special award to be presented at the end of the 2013 fishing season. *Good Fishing!*

# SOUTH CAROLINA GOVERNOR'S CUP BILLFISHING SERIES

## Fishing Guidelines - 2013

1. Fish must be caught in accordance with all state and federal laws, and under IGFA Rules with the exception of passing rod to qualify to earn SC Governor's Cup points/awards. After a fish strikes, the rod may be passed to one angler one time immediately. All anglers, including Youth Anglers (under sixteen years of age on April 1 of current tournament year) and Lady Anglers (over sixteen years of age on April 1 of the current tournament year), may have the rod passed one time to them. After the rod has been passed, only the angler is allowed to touch the rod. Once the leader is brought within the grasp of the crew or is wound to the rod tip, then the angler may have assistance to catch and release or boat the fish. Series points will accrue towards Series awards for these fish. Vessels may provide assistance to other vessels for boating fish. Any deviation from these guidelines will lead to disqualification.
2. White marlin and sailfish are catch and release only. Tagging is optional and not required for points. The minimum size

for Series points or awards consideration for landed blue marlin is 105 inches measured in a curved line along the body from the fork of the tail to the tip of the lower jaw (LJFL). **Federal regulation dictates that a boated billfish cannot be returned to the water.**

*Note: 105 inches exceeds the federally mandated minimum size limit. Should the federal size limit be increased, the minimum size for blue marlin eligible for weighing in SC Governor's Cup Series tournaments will be increased automatically to exceed the new minimum size by two (2) inches if required.*

3. A penalty of 600 points will be assessed against a boat for each blue marlin brought to the dock not meeting the minimum South Carolina Governor's Cup Series size requirements.
4. Boats guilty of wanton waste of fish taken in a Series event will be disqualified from earning points in that event.
5. All landed fish are to be iced or refrigerated until such time as they are released by tournament officials to the boat after which the edible tissue is to be processed and the carcass is

disposed of. Boats landing Blue Marlin will have a maximum of three hours to complete this task.

6. Scoring for eligible billfish weighed-in is based solely on those points officially awarded each boat by each tournament. Boats earn one point per pound and fraction of a pound for their single heaviest billfish weighed in each tournament. No points are awarded for additional billfish weighed in any one tournament.

7. Only blue marlin, white marlin and sailfish are eligible for billfish catch and release points. Tagging is optional and not required for points. Billfish boated for any reason will not qualify for release points. Scoring for billfish caught and released in good condition is as follows:

Blue Marlin	600 points
White marlin	300 points
Sailfish	200 points

8. To qualify for catch and release points, a billfish must be fought to the boat according to program guidelines. A billfish is considered caught and points will be awarded when all the following has occurred: 1) the leader is grasped by the mate or the leader is wound to the rod tip (a leader may be no longer than 30 feet); 2) the billfish is positively identified through digital photography/videography; and 3) the fish is released in a healthy condition. Boats are encouraged to remove the hook or to cut the leader as close as possible to the hook.

9. Billfish may not be brought into the boat unless it is to be brought to the dock for weighing.

10. Any billfish gaffed, harpooned or otherwise injured in an attempt to boat the fish will not qualify for catch and release points. Additionally, if the gaff crosses the vertical plane of the boat and the intent of the crew is to land the fish, yet the attempt is unsuccessful, the boat will not qualify for catch and release points.

11. For a vessel to qualify any billfish for points, every person aboard the vessel 18 years of age or older must sign an affidavit swearing that all rules and regulations were observed in reference to the described fish. Failure of any person to sign, for any reason, disqualifies that fish. In addition, all released billfish must be clearly digitally photographed or videoed (preferable image would include a visible dorsal fin) at time of release by each vessel using a digital/video camera provided by the vessel. The image must include a time

and date stamp that corresponds to the time of release recorded by the tournament designated committee boats. Photos/videos must be provided on a removable storage device, and will be used to confirm species identification and release information, and will be used to resolve potential conflicts or formal protests.

**12.** Affidavits must be completed the day the catch and release or landing occurs, except when a medical emergency involving the boat's crew prohibits completion of the form or when a mechanically disabled boat cannot return within the prescribed weigh-in period. In these instances, the forms must be completed and returned within ten (10) days of the catch and release. If applicable by the individual tournaments, boats fishing out of other marinas or ports must fax or hand-deliver the completed catch and release affidavit and email digital images to tournament headquarters or SCGC personnel prior to the close of the weighing scales on the day of catch with the exception as noted above.

**13.** Boats will be awarded 25 participation points for each Series tournament entered up to a maximum of three events. A boat's points total will include participation points as indicated along with points for landed or caught and released billfish from all tournaments fished. Points will count toward aggregate point totals for Outstanding Billfish Boat and Outstanding Billfish Conservationist. Points cannot be transferred from one boat to another.

**14.** Boats must fish a minimum of two Series tournaments to qualify for Outstanding Billfish Boat and Outstanding Billfish Conservationist. Vessels fishing only one tournament qualify for Outstanding Billfish, Youth Angler awards, Lady Angler awards, and Outstanding Dolphin/Wahoo/Tuna.

**15.** Boat points are awarded at the time of release or landing (boated). Ties between points are broken by the time of release/landing. The date of the release/landing is based on the boat's fishing day (day 1 or 2)

as opposed to the tournament fishing day (day 1-2-3). If a tie still remains, the boat fishing in the most Series events will be declared the winner.

**16.** Tournament awards will be presented for the heaviest tuna, dolphin, and wahoo caught by boats participating in the Series and for 1st, 2nd and 3rd place Youth Anglers (under sixteen years of age) and Outstanding Lady Anglers (over sixteen years of age). The tournament awards for Youth and Lady Anglers will be awarded for the heaviest tuna, dolphin or wahoo if no Youth or Lady Angler has landed or caught and released a legal billfish. Billfish caught by Youth or Lady Anglers will earn regular Series points for the species. Series awards for non-billfish species will be awarded for largest tuna, dolphin, and wahoo.

**17.** A Blue Water Conservation Award will be presented to the boat accumulating the most points tagging dolphin (50 points), yellowfin tuna (100 points) and wahoo (150 points). All fish must be caught on legal Series tournament fishing days and tagged using official tags supplied by the Marine Resources Division's Marine Gamefish Tagging Program. Completed tagging reports will serve as official entry forms and must be submitted to Marine Resources Division personnel working the tournament or the weighmaster on the same day the fish was tagged.

**18.** Creel limits for dolphin are 10 per angler per day with a limit of 60 per boat per day, with a minimum size limit of 20 inches fork length. Creel limit for yellowfin tuna is 3 per angler per day with a minimum legal size of 27 inches curved body fork length, see current federal size and creel limits for other tuna species. Creel limit for wahoo is 2 per person per day.

*Note: Size or creel limits will automatically be changed in SC Governor's Cup Billfishing Series tournaments to reflect changes in federal or state laws.*

**19.** All awards are presented to the boat. Invitations to the annual Governor's Cup awards reception are limited to winning boat crews and to boat owners whose boats fish two or more yearly Series events.

**20.** It is the intent of the S.C. Governor's Cup to encourage release of healthy billfish, therefore the use of 130 lb. class line is allowed.

**21.** A boat owner may request an official ruling from the S.C. Governor's Cup Series. The request for a ruling must be submitted in writing to a member of the Tournament Committee. The Tournament Committee shall rule on the request within seven (7) days. Any ruling of the Tournament Committee may be appealed by writing to the Board of Directors within forty-eight (48) hours, excluding weekend days and holidays. The Board shall render results of an appeal, in writing, to the appellant within thirty (30) days. All decisions of the Board are final. Voting individuals representing either the Tournament Committee or the Board of Directors will recuse themselves from the decision if there is a conflict of interest. All rulings will focus solely on compliance with Governor's Cup Series rules, not individual tournament rules.

# GETTING PREPARED FOR YOUR 2013 FISHING SEASON

We thought we would provide everyone with a brief list of some of the permits, licenses and documentation that you will need to have so that the boat owner's, captains and crew are ready for a successful fishing season. *Please Double Check Your Expiration Dates!!!*

**1) Purchase your Atlantic HMS Angling Permit (Recreational) or Charter/Headboat Permit-** All owners/operators of vessels fishing recreationally, or owners/operators of charter/headboat vessels fishing for and/or retaining regulated Atlantic Highly Migratory Species (Atlantic tunas, sharks, swordfish and billfish) in the Atlantic Ocean, including the Gulf of Mexico and Caribbean Sea, must obtain an Atlantic Highly Migratory Species (HMS) permit. 2013 Atlantic HMS permits cost \$20.00, and will be valid from the date of issuance through December 31, 2013. Visit the NMFS website at <https://hmspermits.noaa.gov/> to apply for your permit.

**2) Purchase your Dolphin Wahoo Permit-** All owners/operators of charter/headboat vessels, are required to obtain an Atlantic Charter/Headboat Permit for Dolphin/Wahoo. The permit is \$25.00, and will be valid for one calendar year. Visit the NOAA Southeast Region website ([sero.nmfs.noaa.gov/operations/management/information/services/constituency/services/branch/permits/permit\\_apps/documents/vessel/vessel\\_application.pdf](http://sero.nmfs.noaa.gov/operations/management/information/services/constituency/services/branch/permits/permit_apps/documents/vessel/vessel_application.pdf)) to apply for your permit.

**3) Purchase your Operator Card-** All owners/operators of charter/headboat vessels, are required to obtain an operator card when fishing for Atlantic Dolphin and/ or Wahoo. The Operator Card fee is \$50.00, and will be valid for three years. Visit the NOAA Southeast Region website ([http://sero.nmfs.noaa.gov/operations/management/information/services/constituency/services/branch/permits/permit\\_apps/documents/vessel/](http://sero.nmfs.noaa.gov/operations/management/information/services/constituency/services/branch/permits/permit_apps/documents/vessel/))

[opcard\\_application.pdf](#)) to apply for your operator card.

**4) Purchase your SC Saltwater Fishing License -** All anglers (over age 16) must obtain a SCDNR Saltwater Recreational Fisheries License. SC Saltwater Recreational Fisheries License can be purchased at <https://dnrlicensing.sc.gov/DNRLicensing/EntryPage.aspx> or call 1-866-714-3611. Be reminded that most SC Saltwater Recreational Fishing Licenses are issued on the fiscal calendar, July 1 – June 30. Your current license will expire on June 30, 2013. Next fiscal licenses, July 1, 2013 thru June 30, 2014, will go on sale on June 17, 2013. Make sure you get your new license before MegaDock and Edisto!

\*\* Charter/headboat vessels are exempt from having anglers purchase individual saltwater fishing licenses, as long as the fishing trip is documented in accordance to SC law under the vessels Charter License. The vessel can only have six anglers, captain and crew on board. \*\*
